**Roger Goatcher**

*Deputy Superintendent*

**Jacqui Breitenbucher**

*Chief Business Officer*

Manteca Unified School District Negotiations Statement:

We would like to announce Manteca Unified School District and the Manteca Educators Association have reached a tentative agreement for a three-year contract. Contract negotiations can be lengthy and complicated, MUSD would like to thank MEA and certificated staff for their patience and understanding through this hard process.

The next steps to the process will be for MEA and MUSD to meet to discuss and sign the tentative agreement. Followed by a viewing and then vote by MEA union membership. After a successful vote by the union membership the contract will go to the School Board for the final process of public input and final adoption. We continue to value and respect the negotiation process and appreciate everyone's efforts to come to a successful conclusion.

*"Making a difference to each  
and every student daily."*
