

Manteca Unified School District

2017 Education Conference

Course Catalog

November 3, 2017

Lathrop High School

8:00 AM - 3:00 PM

Department of
Professional Learning
Manteca Unified School District

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|-------------------------------------|-------------|--|--|---------------------|-------------------|
| Aaron Maurer | All Grades | All Grades: Speedgeeking with Coffeechug | This will be rapid fire session of technology tips, tricks and productivity tools that I use in my classroom and school to help make life easier for both myself as a teacher and for students. I will share out things I use in the classroom as well as at home and every space in between. These ideas will give you time to enjoy that cup of coffee and have fun at the same time! The key here is simplicity and productivity. | 8:00 AM | 8:50 AM |
| Bryce George | Preschool | Preschool: Creative Child Care Preschool Staff Development | This is a mandatory training for all Creative Child Care Preschool teachers only. | 8:00 AM | 8:50 AM |
| Christina Hansen | Grades 7-12 | Grades 7-12: Fantastic Forms! | Learn all about Microsoft Forms! See how you can use a form as an interactive lesson activity. Teach students how to analyze data in real time. Learn how to get Forms to grade quizzes for you. Discover the special features embedded to make activities like math and science easier to demonstrate. Walk away with activities and tools you can use on Monday. | 8:00 AM | 8:50 AM |
| Denise Rogers | Grades K-8 | Grades K-8: MobyMax: Best Practices for Student Motivation | In this session, we will look at ways teachers can use MobyMax to assess and fill in the gaps of learning within the area of mathematics. This session was designed for K-8 beginning or intermediate Moby Max teachers. | 8:00 AM | 8:50 AM |
| Erin Steele | All Grades | All Grades: SPED- Behavior and IEP data collection | How to collect the ABC of behavior data to coincide with your BIP to show to your BCBA and IEP team. Also how to set up IEP goals so you can collect data daily. | 8:00 AM | 8:50 AM |
| Heather Anderson, Stephanie Gleaves | All Grades | All Grades: Using Socrative as a Formative Assessment Tool | We will go over socrative.com which is an incredibly resourceful formative assessment tool that gives live data feedback, question by question data, requires NO paper, offers a fun review game option, and is completely free! | 8:00 AM | 8:50 AM |
| Janet Sanders, Marlene Martin | Grades 7-12 | Grades 7-12: ELD Literacy Strategies That Work! | Interested in effective, easy and fun strategies that get your ELD students reading and writing? Learn how to use a reading ladder, a "gist" strategy for writing a summary and a foldable vocabulary study guide. | 8:00 AM | 8:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|--|----------------|--|---|---------------------|-------------------|
| Jeff Caligiuri | Administrators | Administrators: Exploring the Mathematical Practice Standards with K-12 Administrators | K-12 Administrators are invited to come collaborate with MUSD's Math Coordinator, Jeff Caligiuri. He will facilitate a discussion and sharing of best practices on what Administrators should see in the classroom. | 8:00 AM | 8:50 AM |
| Joseph Pirillo | Grades 7-12 | Grades 7-12: OneNote in the classroom (For Beginners/Intermediates) | Part one: Learn how to setup your OneNote class notebook for your classes. Part Two: Learn how to use your OneNote Notebook during your class time. (Emphasis on a math class) | 8:00 AM | 8:50 AM |
| Joyce Braitman, Dan Bourcier and Eric Peters | All Grades | Induction Portfolio Support | Open only to Induction Candidates and Mentors to work on the Candidate's Induction portfolio with the support of Induction Coordinators. Coordinators will be available to answer questions and trouble-shoot Induction issues. | 8:00 AM | 8:50 AM |
| Kat Brown, Jacalyn Davis and Lisa Goodwin | Administrators | Administrators: PBIS Articulation for Administrators | Collaboration and sharing ideas regarding successes and how to keep enthusiasm and buy in amongst all staff. Every site is unique and has their own needs and things that work. Let's put our heads together and share ideas! Participants please bring the data they shared with their staff for the month of September. | 8:00 AM | 8:50 AM |
| Kathe Gonsalves | Grades 3-5 | Grades 3-5: Engaging Strategies to Support 3-5 Content and Language Development | The ELA/ELD standards and framework emphasize an integrated, cross-disciplinary approach to supporting content knowledge and language learning. In this session, participants will participate in high-leverage strategies that build on the "Structures & Strategies" professional learning and can be applied across subject areas. | 8:00 AM | 8:50 AM |
| Kathy Cambra, Josh Bowers | All Grades | All Grades: Windows 10 Basics | Learn the basic operations, functions and features of Windows 10 operating system. Users will learn the ins and outs of the start menu, taskbar, and Windows 10 apps. We will also explore the Windows store and the MUSD app store. | 8:00 AM | 8:50 AM |
| Kenny Hsu | All Grades | All Grades: Illuminate Your Data! | Come explore how to make sense of your data using Illuminate's prebuilt reporting options! | 8:00 AM | 8:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|-------------------------------|-------------|---|---|---------------------|-------------------|
| Kevin Niendorf | Grades 4-8 | Grades 4-8: "I Did My Homework But I Left It At Home." | Find out how to get a higher rate of return on homework from your students with this proven method of accountability. Additionally, learn how to gather critical evidence regarding a student's academic performance when it comes time for possible SSTs, meeting with parents, and justifying grades. | 8:00 AM | 8:50 AM |
| Keynote Speaker, Jason Messer | All Grades | Keynote: Why ask Why? Exploring our Collective WHY! | Keynote: Superintendent Jason Messer. We know WHAT we do, we know HOW we do it, now we know WHY we do WHAT we do. Our collective WHY? Make a positive difference to each and every student daily. When we lead and teach with our WHY we make an impact, a difference. Imagine a world where students feel safe at school. Imagine a world where students are fulfilled by the work they do. Imagine a world where our students are inspired to go to school. We will explore our WHY and begin the conversation of leading with our collective WHY. Teaching for graduation. | 8:00 AM | 8:50 AM |
| Khalil Abou-Hamad | Grades 9-12 | Grades 9-12: The Transition Mission: Ready-to-Use Activities for High Schoolers | This session will focus on 3 separate tools designed to help teachers in their mission to support high school students in their transition from school to the workforce. We'll cover an online resource, an in-class strategy and a game designed to enhance a very important skill. All items taught can be easily and quickly implemented in a typical high school classroom, particularly for teachers of English, SpEd, AVID, Life Skills, CTE, and any other subject that touches on transitional skills, job-readiness, or emphasizes Project-Based Learning. | 8:00 AM | 8:50 AM |
| Kimberly Doolin | Grades 7-12 | Grades 7-12: Criterion Online Writing Evaluation | This session will focus on practical classroom applications for Criterion, an online writing evaluation program. All subject area teachers, grades 4-12, are encouraged to attend. Take a peak at this pilot software. Note: The district may not choose to adopt this software. | 8:00 AM | 8:50 AM |
| Kortney Agdeppa | All Grades | All Grades: PE inside and outside the classroom | This session will provide educators fun new ways to incorporate Physical Education in their classroom. By the end of the session educators will leave with resources to help them plan and find fun activities for Physical Education. | 8:00 AM | 8:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|------------------------------|-------------|--|--|---------------------|-------------------|
| Kristen Robertson, Lu Xiong | Grades 3-5 | Grades 3-5: Could a volcano pop up in your backyard? | Kick off the first lesson in the fun and engaging Mystery Science 4th grade unit "Birth of Rocks" from the student perspective. This lesson does not require much prep and few materials. All primary teachers can learn the format for Mystery Science and how to integrate writing. | 8:00 AM | 8:50 AM |
| Manuel Perry, Sarah Areias | Grades 3-5 | Grades 3-5: Writing with Storybird | Encourage and engage your students to write using pictures and technology. This interactive tool will help unlock the door to writing for your students. Not currently approved district software. | 8:00 AM | 8:50 AM |
| Melissa King, Kristina Brown | Grades TK-6 | Grades TK-6: Bumgardner's Bag of Tricks | Learn some of literacy expert Kathy Bumgardner's tricks to teaching reading strategies. Create a Literacy Wheel to better engage students in the ELA curriculum. | 8:00 AM | 8:50 AM |
| Michael G. Watson | Grades 6-8: | Grades 6-8: I Choose You: Teaching Despite Defiance | " I didn't get 'stuck' with you; I CHOSE you!" Discover how even the most challenging classrooms can be more effectively managed using an ever-evolving preemptive positive mindset approach. Drawing from decades in the private sector both as a corporate employee and as an entrepreneur, Junior High and High School English instructor (and former defiant student) Mr. Michael G. Watson explains how teachers can manage their own attitudes to transform classroom negativity into positivity in a few short weeks. | 8:00 AM | 8:50 AM |
| Molly Lowe, Kerry Gilmore | Grades TK-2 | Grades TK-2: GoNoodle Fun in the Classroom | This session is geared towards K-5 teachers. It will cover how to use GoNoodle in the classroom for movement and mindfulness. Teachers will have time to explore GoNoodle and discover their favorites. Not currently approved district software. | 8:00 AM | 8:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|--|--------------|--|---|---------------------|-------------------|
| MUSD Students: Ariatna Garcia, Trint Wallen, Alyssa Nascimento, & MUSD Teacher: Gianna Barlupi | All Grades | All Grades: Using Digital Art and Music with Technology in the Classroom | MUSD students will teach about using digital art in the classroom and how to utilize technology and music together. This session will cover digital programs you can use with your students. | 8:00 AM | 8:50 AM |
| Rachelle Fast | Grades 7-12: | Grades 7-12: Building a Skills based education plan | Increase relevance in your classroom, by helping students understand the skills they are gaining. Students often complain and ask "why do we need this?" Help them understand that the curriculum you are teaching is simply the vehicle we are using to help them develop the skills that they need in life. | 8:00 AM | 8:50 AM |
| Rebecca Hunter | Grades TK-6 | Grades K-8: Gamifying individualized Learning in Math with Prodigy | The ins and outs of using Prodigy Math in the classroom. Not currently approved district software. | 8:00 AM | 8:50 AM |
| Sergio Viera | All Grades | Collaboration: Beginning Yoga for Students | ABC' of Yoga: Beginning Yoga for Students. All Grade Levels Welcome. Bring own yoga mat, not necessary. | 8:00 AM | 8:50 AM |
| Silvia C. Mendez | All Grades | All Grades: Chair Yoga for All | Yoga is good for your body, mind and spirit and it enhances your life. Join me for a chair yoga session where we can explore different postures that can help us release stress and increase our flexibility and overall well being. Please wear comfortable clothes. | 8:00 AM | 8:50 AM |
| Sylvia Berchtold | Grades 9-12 | Grades 9-12: NewsELA in Foreign Language | Learn and explore how to use NewsELA in a Foreign Language classroom. NewsELA offers many topics and reading levels easily accessible to teachers... free and in Spanish!!! Not currently approved district software. | 8:00 AM | 8:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|------------------------------------|-------------|---|--|---------------------|-------------------|
| Bonnie Stogner | All Grades | All Grades: BreakoutEDU in the Classroom! | This session will introduce BreakoutEDU boxes to educators. Teachers will experience the Breakout Box themselves, and be provided tips and strategies on how to make the Breakout Box successful in their subject area. | 8:00 AM | 9:50 AM |
| Brigette Ryan | Grades 3-5 | Grades 3-5: myON Getting Started with myON/Refresher for Existing Users | Getting Started with myON/Refresher for Existing Users | 8:00 AM | 9:50 AM |
| Corina Armstrong, Angie Dudley | Grades 3-5 | Grades 3-5: Mystery Science, Wonders, and Writing for 3rd Grade | Looking for a way to integrate Science, Reading, and Writing? Join us as we present how we integrated Mystery Science Stormy Skies with Wonders Inquiry Space to create an Informative Performance Task at the end of the Unit. | 8:00 AM | 9:50 AM |
| Elizabeth Oyarzabal, Melanie Smith | Grades 6-8 | Grades 6-8: Making StudySync Yours | This course will guide teachers in the next steps to adapting StudySync and owning their curriculum. Based on previously made bundles (May 9/10), teachers will identify ways to tailor the base curriculum found within the Core Instructional Path to a site-specific scope and sequence, thus creating a realistic and achievable pacing guide that promotes depth of texts over breadth. This process is a fundamental step toward creating site-level formative benchmarks to monitor student progress. | 8:00 AM | 9:50 AM |
| Jehanna Khan | All Grades | All Grades: MobyMax Professional Development | Get the most out of MobyMax! A Moby trainer will guide you through the subject modules, features, and tools available to you with your new district license. Learn how to navigate the program, customize your settings, assign lessons, use rewards to motivate your students, and more! The session is hands-on, so bring a device and be prepared for prizes and fun! | 8:00 AM | 9:50 AM |
| Jim Hudson | All Grades | All Grades: Illuminate Online Testing and You | Want to prepare your students for CAASPP and computer-based testing? Come learn the ins and outs of setting up Illuminate assessments for online administration. | 8:00 AM | 9:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|----------------------------------|---|--|---|---------------------|-------------------|
| Julie Thomas, Julie Kraus | Grades 5-6 | Grades 5-6: Successful Literacy: Learn it Today, Use it Tomorrow | Techniques to streamline your weekly planning with Wonders, rolling many objectives into one interactive whole group lesson while teaching in context rather than isolation. Learn a fun game to boost student writing skills! | 8:00 AM | 9:50 AM |
| Kilian Graciano, Lisa Coburn | Speech Therapists, Program Specialists, & SPED Teachers | Speech Therapists, Program Specialists, & SPED Teachers: Ready, SETT, Go | This class is for special education staff who are interested in learning more about Augmentative Alternative Communication (AAC) and using a tool that helps determine which AAC device would best match the student's individual communication needs at school and home. The SETT Framework is a tool that helps teams gather and organize information that can be used to guide collaborative decisions about services that support the students educational success. The SETT Framework helps the assessment team determine the known and unknown information about the student's learning environment and the tasks that need to be done throughout the school day. The SETT helps the team determine the device that best fits the needs of the student and who will be responsible for the each task. | 8:00 AM | 9:50 AM |
| Kristen Messer, Anne Steiner | All Grades | All Grades: Scratch and Makey Makey | Join us to learn how to use blocks to code in Scratch (beginner to pretty advanced opportunities). Then learn how to combine Makey Makey and Scratch to create banana pianos, screaming potatoes and more. All high schools will have Makey Makeys available for any teacher to check out for classroom use after EdCon. Any elementary teacher with access to or interest in Makey Makey is also welcome to attend. Not currently approved district software. | 8:00 AM | 9:50 AM |
| Lesley Fontanilla, Jenny Garwood | Grades 3-5 | Grades 3-5: Successful Literacy: Learn it Today, Use it Tomorrow | Techniques to streamline your weekly planning with Wonders, rolling many objectives into one interactive whole group lesson while teaching in context rather than isolation. Learn a fun game to boost student writing skills! Target Audience: Grades 3-4 teachers | 8:00 AM | 9:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|---------------------------------|---|---|--|---------------------|-------------------|
| Lisa Scheib | All Grades | All Grades: MobyMax Professional Development | Get the most out of MobyMax! A Moby trainer will guide you through the subject modules, features, and tools available to you with your new district license. Learn how to navigate the program, customize your settings, assign lessons, use rewards to motivate your students, and more! The session is hands-on, so bring a device and be prepared for prizes and fun! | 8:00 AM | 9:50 AM |
| Michael Patterson | Grades 9-12 | Grades 9-12: TIG Welding for the High School Shop (Will be held at Be.Tech) | Pointers and welding code applications to incorporate TIG welding into your high school shop class | 8:00 AM | 9:50 AM |
| Sally Glusing | Grades 7-12 | Grades 7-12: Project Based Learning 101 | This session is designed for secondary teachers to gain an overview of Project Based Learning (PBL), including how PBL actively engages students in rigorous content standards and real-world learning. | 8:00 AM | 9:50 AM |
| Shea Miller | All Grades | All Grades: Advanced Assessment Creation (Illuminate) | Have you already created assessments for your students? Come learn how to configure them for administration in Illuminate! | 8:00 AM | 9:50 AM |
| Tracy Haliburton, Jennifer Byrd | Kindergarten | Kindergarten: Successful Literacy: Learn it Today, Use it Tomorrow | Techniques to streamline your weekly planning with Wonders, rolling many objectives into one interactive whole group lesson while teaching in context rather than isolation. Learn a fun game to boost student writing skills! Target Audience: Kindergarten teachers. | 8:00 AM | 9:50 AM |
| David Love | (For ONLY HS Counselors, Nurses, & Psychologists) | Understanding Student Suicide (For ONLY HS Counselors, Nurses, & Psychologists) | Prevention and Intervention strategies. (For ONLY Counselors, Nurses, & Psychologists) This session will run from 8:00am-11:50am. | 8:00 AM | 11:50 AM |
| Ben Cadile | Grades K-3 | Grades K-3: Q Classroom Toolkit | Discover the tools available in the Q Student Information System. See what's possible with managing classroom behavior, grade book, customizations and more - all geared towards the elementary classroom. | 9:00 AM | 9:50 AM |
| Christina Campos | All Grades | All Grades: Cardio Dance | This class is a fun way to burn calories while dancing to some fun and energetic music. Routines are basic so the class is perfect for any level. | 9:00 AM | 9:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|-------------------------------------|----------------|---|---|---------------------|-------------------|
| Christina Hansen | All Grades | All Grades: Meandering Through Minecraft | Fresh to the Minecraft world? Curious to try it with your students but uncertain where to start? Secretly want to learn to play for your own gaming enjoyment? Come learn the basics with a freshly minted Minecraft player. We can all learn together in an environment where we are all beginners. Walk away with basic knowledge on how to craft and some easy ways to introduce Minecraft to students of all ages. Come play with us! | 9:00 AM | 9:50 AM |
| Cliff Borden | Grades 7-12 | Grades 7-12: Starting a Robotics program at your school using the VEX robotics platform | This session will explain how to begin a robotics program at your school utilizing the VEX IQ and VEX EDR robotics platforms. Whether you are looking to create an elective, a full A-G approved course or an after school robotics club this session has the information you need. Examples of the curriculum and the robots will be on hand. | 9:00 AM | 9:50 AM |
| Dale Borgeson, Shirley Kruegel | Administrators | Administrators: Connecting Math ALD's to Instruction | Elementary Administrators develop a deeper understanding of the connection between Claims, Targets, and Achievement Level Descriptors for math by analyzing sample CAASPP questions. Administrators will come away with resources and a process to use with your staff. | 9:00 AM | 9:50 AM |
| Denise Rogers | Grades K-8 | Grades K-8: MobyMax: Supplementing Math Instruction | In this session, we will look at ways teachers can use MobyMax to assess and fill in the gaps of learning within the area of mathematics. This session was designed for K-8 beginning or intermediate Moby Max teachers. | 9:00 AM | 9:50 AM |
| Erin Chester-Bradt | All Grades | All Grades: One Note for Everyday Use | Learn how to use of One Note a more productive way. Learn how to move to a paperless environment. | 9:00 AM | 9:50 AM |
| Fallon Phillips, Sarah Hopper | Grades 7-12 | Grades 7-12: Blended Learning: Focus on the Writing Process | In this session, teachers will take a closer look at StudySync's Extended Writing Project to teach the process of writing in a specific-genre. We will also explore how the ELD Oral Project can be used as a companion to the EWP, enhancing listening and speaking in the classroom, and refresh how Stations can help you reach EVERY learner, EVERY day. | 9:00 AM | 9:50 AM |
| Heather Anderson, Stephanie Gleaves | All Grades | All Grades: Using Socrative as a Formative Assessment Tool | We will go over socrative.com which is an incredibly resourceful formative assessment tool that gives live data feedback, question by question data, requires NO paper, offers a fun review game option, and is completely free! | 9:00 AM | 9:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|--|-------------|---|---|---------------------|-------------------|
| Heidi Azevedo, Erin Williams | Grades 1-5 | Grades 1-5: Literacy on the Go! A Make and Take Workshop | Lead your class through Informational/Literature Walks, create Literacy Offices, make a Key Details Foldable to help students organize their text understanding. Materials provided. Target audience: grades 1-5 teachers. | 9:00 AM | 9:50 AM |
| Janet Sanders, Marlene Martin | Grades 7-12 | Grades 7-12: ELD Literacy Strategies That Work! | Interested in effective, easy and fun strategies that get your ELD students reading and writing? Learn how to use a reading ladder, a "gist" strategy for writing a summary and a foldable vocabulary study guide. | 9:00 AM | 9:50 AM |
| Jeff Caligiuri | All Grades | K-8: Exploring the Mathematical Practice Standards | Learn about and explore the California State Standards for Mathematical Practice. This session will consist of activities to deepen educator's understanding of the Mathematical Practices and examples of the practices being used in classrooms. | 9:00 AM | 9:50 AM |
| Joseph Pirillo | Grades 7-12 | Grades 7-12: OneNote in the classroom (For Beginners/Intermediates) | Part one: Learn how to setup your OneNote class notebook for your classes. Part Two: Learn how to use your OneNote Notebook during your class time. (Emphasis on a math class) | 9:00 AM | 9:50 AM |
| Joshua Bowers, Kathy Cambra | All Grades | All Grades: Windows 10 - Advanced Training | This will be an advanced training on Windows 10. It will offer advanced steps for configuration and troubleshooting of the Windows 10 Operating system and Office 365. | 9:00 AM | 9:50 AM |
| Joyce Braitman, Dan Bourcier and Eric Peters | All Grades | Induction Portfolio Support | Open only to Induction Candidates and Mentors to work on the Candidate's Induction portfolio with the support of Induction Coordinators. Coordinators will be available to answer questions and trouble-shoot Induction issues. | 9:00 AM | 9:50 AM |
| Kathe Gonsalves | Grades 6-8 | Grades 6-8: Engaging Strategies to Support 6-8 Content and Language Development | The ELA/ELD standards and framework emphasize an integrated, cross-disciplinary approach to supporting content knowledge and language learning. In this session, participants will participate in high-leverage strategies that build on the "Structures & Strategies" professional learning and can be applied across subject areas. | 9:00 AM | 9:50 AM |
| Kenny Hsu | All Grades | All Grades: Illuminate Assessments! (Basic) | Ready to create your tests in Illuminate? Come learn how to build short, formative tests in just minutes! | 9:00 AM | 9:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|--------------------------------|-------------|---|--|---------------------|-------------------|
| Kevin Niendorf | Grades 4-8 | Grades 4-8: "I Did My Homework But I Left It At Home." | Find out how to get a higher rate of return on homework from your students with this proven method of accountability. Additionally, learn how to gather critical evidence regarding a student's academic performance when it comes time for possible SSTs, meeting with parents, and justifying grades. | 9:00 AM | 9:50 AM |
| Keynote Speaker, Catlin Tucker | All Grades | Keynote: Harness the Power of 21st Century Tools to Teach 21st Century Literacy | Keynote: Technology is radically changing the way we communicate, create, and share. The rise in online tools, the increasing availability of mobile devices, and global connectivity are having a profound impact on education. Join teacher, international trainer, and bestselling author Catlin Tucker as she shares how she transformed learning her classroom by helping students to find their voices and connecting them to an authentic audience. She will share creative strategies and examples of student work to highlight how she is leveraging the power of technology to place students at the center of learning to cultivate literacy. | 9:00 AM | 9:50 AM |
| Khalil Abou-Hamad | Grades 9-12 | Grades 9-12: The Transition Mission: Ready-to-Use Activities for High Schoolers | This session will focus on 3 separate tools designed to help teachers in their mission to support high school students in their transition from school to the workforce. We'll cover an online resource, an in-class strategy and a game designed to enhance a very important skill. All items taught can be easily and quickly implemented in a typical high school classroom, particularly for teachers of English, SpEd, AVID, Life Skills, CTE, and any other subject that touches on transitional skills, job-readiness, or emphasizes Project-Based Learning. | 9:00 AM | 9:50 AM |
| Kimberly Doolin | Grades 7-12 | Grades 7-12: Criterion Online Writing Evaluation | This session will focus on practical classroom applications for Criterion, an online writing evaluation program. All subject area teachers, grades 4-12, are encouraged to attend. Take a peak at this pilot software. Note: The district may not choose to adopt this software. | 9:00 AM | 9:50 AM |
| Kortney Agdeppa | All Grades | All Grades: PE inside and outside the classroom | This session will provide educators fun new ways to incorporate Physical Education in their classroom. By the end of the session educators will leave with resources to help them plan and find fun activities for Physical Education. | 9:00 AM | 9:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|--|-------------|--|--|---------------------|-------------------|
| Kristen Robertson, Lu Xiong | Grades 3-5 | Grades 3-5: Could a volcano pop up in your backyard? | Kick off the first lesson in the fun and engaging Mystery Science 4th grade unit "Birth of Rocks" from the student perspective. This lesson does not require much prep and few materials. All primary teachers can learn the format for Mystery Science and how to integrate writing. | 9:00 AM | 9:50 AM |
| Manuel Perry, Sarah Areias | Grades 3-5 | Grades 3-5: Writing with Storybird | Encourage and engage your students to write using pictures and technology. This interactive tool will help unlock the door to writing for your students. Not currently approved district software. | 9:00 AM | 9:50 AM |
| Michael G. Watson | Grades 6-8 | Grades 6-8: I Choose You: Teaching Despite Defiance | " I didn't get 'stuck' with you; I CHOSE you!" Discover how even the most challenging classrooms can be more effectively managed using an ever-evolving preemptive positive mindset approach. Drawing from decades in the private sector both as a corporate employee and as an entrepreneur, Junior High and High School English instructor (and former defiant student) Mr. Michael G. Watson explains how teachers can manage their own attitudes to transform classroom negativity into positivity in a few short weeks. | 9:00 AM | 9:50 AM |
| MUSD Students: Ariatna Garcia, Trint Wallen, Alyssa Nascimento, & MUSD Teacher: Gianna Barlupi | All Grades | All Grades: Using Digital Art and Music with Technology in the Classroom | MUSD students will teach about using digital art in the classroom and how to utilize technology and music together. This session will cover digital programs you can use with your students. | 9:00 AM | 9:50 AM |
| Nicole Moore | Grades TK-2 | Grades TK-2: Harmony in the Early Childhood Classroom | The early childhood classroom is way more than snips, snails and puppy dog tails. Come and learn some new strategies for creating a harmonious classroom environment in preschool, TK, K and 1st grade. | 9:00 AM | 9:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|-----------------------------------|-------------|---|--|---------------------|-------------------|
| Rachelle Fast | Grades 7-12 | Grades 7-12: Building a Skills based education plan | Increase relevance in your classroom, by helping students understand the skills they are gaining. Students often complain and ask "why do we need this?" Help them understand that the curriculum you are teaching is simply the vehicle we are using to help them develop the skills that they need in life. | 9:00 AM | 9:50 AM |
| Rosemarie Buccieri, Shari Provost | Grades TK-2 | Grades TK-2: Mystery Science & Wonders in K | We will explore how to use Weather Watchers Mystery #5, "How Could You Warm Up a Frozen Playground," in Wonders Unit 6 "Weather for All Seasons." Come and become a K student for the day while you use trial and error to help warm up the playground. | 9:00 AM | 9:50 AM |
| Silvia C. Mendez | All Grades | All Grades: Chair Yoga for All | Yoga is good for your body, mind and spirit and it enhances your life. Join me for a chair yoga session where we can explore different postures that can help us release stress and increase our flexibility and overall well being. Please wear comfortable clothes. | 9:00 AM | 9:50 AM |
| Sylvia Berchtold | Grades 9-12 | Grades 9-12: NewsELA in Foreign Language | Learn and explore how to use NewsELA in a Foreign Language classroom. NewsELA offers many topics and reading levels easily accessible to teachers... free and in Spanish!!! Not currently approved district software. | 9:00 AM | 9:50 AM |
| Tony Whitesel, Melissa King | Grades TK-6 | Grades TK-6: Backwards Mapping: Work Smarter Not Harder | Learn what Backwards Mapping is and apply it to the development of a week of reading instruction. Look at assessments and how they relate to a reading unit. | 9:00 AM | 9:50 AM |
| Anthony Dahl | All Grades | All Grades: Band Instrument Repair: Tips and Tricks you can do yourself! | I was fortunate to have taken a band instrument repair technology class years ago with Baldwin Wong at Sacramento State. I have found some of the skills that I acquired in that class to be so useful to my job as a band director that I wanted to be able to share them. I think you will be as surprised as I was how much money you have spent having things fixed that you could have done for yourself. | 10:00 AM | 10:50 AM |
| Bernadette Ogbeide , Laura Freret | Grades 7-12 | Grades 7-12: Academic Writing For ELS- If They Can't Say It, How Can They Write It? | If They Can't Say It, How Can They Write It? This session focuses on helping EL students and indeed all students write academically. The use of graphic organizers and short responses will be utilized | 10:00 AM | 10:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|-------------------------------|-------------|---|---|---------------------|-------------------|
| Chris Courtney, Angela Garcia | All Grades | All Grades: Using Edpuzzle to make videos interactive. | In this session you will learn how to use Edpuzzle. By adding multiple choice or free response questions, or by adding voice explanations to your flipped video lessons, (or videos that you assign from YouTube or Khan Academy), you can make them interactive. Grading them is also a snap. Not currently approved district software. | 10:00 AM | 10:50 AM |
| Christina Campos | All Grades | All Grades: Cardio Dance | This class is a fun way to burn calories while dancing to some fun and energetic music. Routines are basic so the class is perfect for any level. | 10:00 AM | 10:50 AM |
| Christina Hansen | Grades 7-12 | Grades 7-12: Advanced OneNote Class Notebooks | Learn the finer details of making OneNote Class Notebooks work for you. Create shortcuts and menus to make daily activities like inking and demonstrating easier and faster. Learn how to make mathematical notations and formulas easier to compute. Find the best way to make printer friendly versions of your pages for those students who never seem to have their device. Dig deeper in the online settings of your Class Notebooks to active and deactivate hidden features. Get a crash course in Snip, which when combined with Class Notebooks allows you to teach a lesson when you have a sub. How to build a notebook and adding students will not be covered. | 10:00 AM | 10:50 AM |
| Cliff Borden | Grades 7-12 | Grades 7-12: Starting a Robotics program at your school using the VEX robotics platform | This session will explain how to begin a robotics program at your school utilizing the VEX IQ and VEX EDR robotics platforms. Whether you are looking to create an elective, a full A-G approved course or an after school robotics club this session has the information you need. Examples of the curriculum and the robots will be on hand. | 10:00 AM | 10:50 AM |
| Debbie Frazer, Jeremy Haxton | Grades 3-5 | Grades 3-5: Harnessing the Power of Minecraft | Learn ways to use Minecraft in the classroom, even if you do not know how to play. | 10:00 AM | 10:50 AM |
| Denise Hopping | All Grades | All Grades: Mystery Science for Beginner k-5 | Time for teachers who have never used Mystery Science to sign up and explore. Kits will be available. | 10:00 AM | 10:50 AM |
| Denise Rogers | Grades K-8 | Grades K-8: MobyMax: A Beginner's Guide to Getting Started | This session was designed for any K-8 teacher who would like to get started using the MobyMax Program. Ideal for SDC teachers. | 10:00 AM | 10:50 AM |
| Erin Chester-Bradt | All Grades | All Grades: One Note for Everyday Use | Learn how to use of One Note a more productive way. Learn how to move to a paperless environment. | 10:00 AM | 10:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|------------------------------------|-------------|---|--|---------------------|-------------------|
| Erwin Afre | All Grades | All Grades: OneNote for Special Education | How to install and use OneNote add-ons, Learning Tools and Class Notebook for Special Education. Utilize Apple or Android app for Office Lens to scan books on the fly. How to go paperless, assign worksheets or homework, install videos, give quizzes, give input on assignments, and have a paper trail per student as documentation for IEP or ESY. | 10:00 AM | 10:50 AM |
| Irene Munguia, Amy Gross | Grades 9-12 | Grades 9-12: Utilizing My10YearPlan.com for Effective Advising | This session will demonstrate how www.my10yearplan.com can be used by high school teachers, counselors, and administrators as a tool to gain valuable insight into their students. Learn how to identify what your students passions and values are, and how that information can help you support them in their learning. | 10:00 AM | 10:50 AM |
| Jeff Caligiuri | All Grades | 9-12: Exploring the Mathematical Practice Standards | Learn about and explore the California State Standards for Mathematical Practice. This session will consist of activities to deepen educator's understanding of the Mathematical Practices and examples of the practices being used in classrooms. | 10:00 AM | 10:50 AM |
| Jennifer Byrd, Michelle Gernheuser | Grades TK-6 | Grades TK-6: Writer's Workshop | Writing to enhance your Wonders ELA program. Allow students to take ownership of the writing process through the planned use of journals and tools. | 10:00 AM | 10:50 AM |
| Kathe Gonsalves | Grades 9-12 | Grades 9-12: Engaging Strategies to Support 9-12 Content and Language Development | The ELA/ELD standards and framework emphasize an integrated, cross-disciplinary approach to supporting content knowledge and language learning. In this session, participants will participate in high-leverage strategies that build on the "Structures & Strategies" professional learning and can be applied across subject areas. | 10:00 AM | 10:50 AM |
| Kathy Cambra, Josh Bowers | All Grades | All Grades: Windows 10 Basics | Learn the basic operations, functions and features of Windows 10 operating system. Users will learn the ins and outs of the start menu, taskbar, and Windows 10 apps. We will also explore the Windows store and the MUSD app store. | 10:00 AM | 10:50 AM |
| Kenny Hsu | All Grades | All Grades: Illuminate Your Data! | Come explore how to make sense of your data using Illuminate's prebuilt reporting options! | 10:00 AM | 10:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|-------------------------------|----------------------------------|--|--|---------------------|-------------------|
| Keynote Speaker, Aaron Maurer | All Grades | Keynote: Making Yourself into A Maker | Keynote: Come ready to make things happen. In under one hour we will explore the elements that make makerspaces successful and inspiring for students. However, this alone is not enough. How do we take the culture of makerspaces and begin to shift these elements into all classrooms, hallways, and our schools as a whole? The goal of this talk is to get you thinking about the amazing work you are already doing, reshuffling the deck of awesome you have created to change our perspectives of learning and do more awesome! Be ready to rock and roll(literally). Be ready to merge the ideas of makerspace and classroom into a cohesive vision no matter what subject or grade level you teach. | 10:00 AM | 10:50 AM |
| Kristen Messer | Administrators and K-12 Teachers | Administrators and K-12 Teachers: Common Sense Education Premium Preview | Sierra Bottling Company has graciously paid for a premium account with Common Sense Education for Manteca Unified School District. Come see what new resources will soon be available for MUSD staff in this session, including webinars, short courses, and pre-made tool kits for presentations with parents or at staff meetings. There are also tools for tracking your training. Appropriate for any teacher using technology and for administrators who want to do more with Digital Citizenship at their sites. | 10:00 AM | 10:50 AM |
| Kristen Robertson | All Grades | All Grades: Digital Assessment Portfolios | Use tech tools to create digital assessment portfolios. You'll then have a wealth of information to share with parents or the SST/IEP team that's easy to access! Applicable for any K-12 or Special Ed teacher with online assessments. | 10:00 AM | 10:50 AM |
| Kristin Miller | Grades 7-12 | Grades 7-12: Creative Writing from Classroom to Bookstore | Attendees will learn how to successfully engage students in creative writing projects, and/or how to further their own writing career with techniques from a New York Times Bestselling Author. | 10:00 AM | 10:50 AM |
| Megan Smith, Becky Scholl | Grades 7-12 | Grades 7-12: Scratch Programming | Learn how to use Scratch programming in the classroom. We will use this simple block code to create working models and games to use with students 4th-12th grades. It is simple and fun! Please bring a charged device. Not currently approved district software. | 10:00 AM | 10:50 AM |
| Michael Williams | All Grades | All Grades: Office 365 Navigation | This session will go through the different aspects of Office 365 and how to successfully navigate through this online interface. | 10:00 AM | 10:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|--|-------------|---|--|---------------------|-------------------|
| Miranda Hamm, Erin Kennedy, Michael Cowan and Kim Washburn | Grades TK-6 | Grades TK-6: Elementary Art | We will be sharing fun art ideas for elementary teachers (TK - 6) to use in their classrooms. | 10:00 AM | 10:50 AM |
| Molly Lowe, Kerry Gilmore | All Grades | All Grades: Quizlet in the Classroom | Using Quizlet to help develop and improve spelling and vocabulary. Not currently approved district software. | 10:00 AM | 10:50 AM |
| Monica Cabrera | Grades 7-12 | Grades 7-12: Writing Across the Curriculum | Writing instruction isn't just for English anymore. Thanks, Common Core! Learn best practices, for writing across all subjects, that you can implement immediately. | 10:00 AM | 10:50 AM |
| Randy Baltazar, Krystal Davis, Jessie Rodriguez | Grades 4-12 | Grades 4-12: PE World | Targeting 4th-8th grade PE. Implementing various games and using movement to increase cardiovascular endurance while game play. | 10:00 AM | 10:50 AM |
| Rosemarie Buccieri, Shari Provost | Grades TK-2 | Grades TK-2: Mystery Science & Wonders in K | We will explore how to use Weather Watchers Mystery #5, "How Could You Warm Up a Frozen Playground," in Wonders Unit 6 "Weather for All Seasons." Come and become a K student for the day while you use trial and error to help warm up the playground. | 10:00 AM | 10:50 AM |
| Rupi Bhatti, Bill Pinol | All Grades | All Grades: Discipline-Why did nothing happen when I wrote the referral? I want to help you write a referral that sticks. | This seminar is specifically for those of you who have been teaching a while and would like a refresher. Or new teachers and new administrators that want something to take back to their site as a reference. | 10:00 AM | 10:50 AM |
| Sarah Haskett | Grades 9-12 | Grades 9-12: Incorporating Social Justice into Your Classroom | This session will help teachers of all subject matters find a way to incorporate social justice into their curriculum. Teachers will reflect on their teaching practices to ensure that their classrooms are a safe place for students of all races, genders, and sexual orientations. Teachers will reflect on their curriculum to analyze for any inherent racial or sexist biases, and learn how to adapt teaching practices to involve more diversity. | 10:00 AM | 10:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|-------------------------------|-------------|---|--|---------------------|-------------------|
| Brigette Ryan | Grades 3-5 | Grades 3-5: myON Getting Started with myON/Refresher for Existing Users | Getting Started with myON/Refresher for Existing Users | 10:00 AM | 11:50 AM |
| Catlin Tucker | All Grades | All Grades: Station Rotation Model - Play & Plan | Explore how the Station Rotation Model can help you create more opportunities to work directly with small groups of students, individualize scaffolding and support, differentiate instruction, and allow students to self-pace their learning. During this hands-on workshop, you'll experience a Station Rotation lesson and design one you can use with your students. | 10:00 AM | 11:50 AM |
| Fallon Phillips, Sarah Hopper | Grades 6-8 | Grades 6-8: Making StudySync Yours | This course will guide teachers in the next steps to adapting StudySync and owning their curriculum. Based on previously made bundles (May 9/10), teachers will identify ways to tailor the base curriculum found within the Core Instructional Path to a site-specific scope and sequence, thus creating a realistic and achievable pacing guide that promotes depth of texts over breadth. This process is a fundamental step toward creating site-level formative benchmarks to monitor student progress. | 10:00 AM | 11:50 AM |
| Heidi Azevedo, Erin Williams | Grades TK-2 | Grades TK-2: Successful Literacy: Learn it Today, Use it Tomorrow | Techniques to streamline your weekly planning with Wonders, rolling many objectives into one interactive whole group lesson while teaching in context rather than isolation. Learn a fun game to boost student writing skills! Target audience: Grades 1-2 teachers | 10:00 AM | 11:50 AM |
| Jehanna Khan | All Grades | All Grades: MobyMax Professional Development | Get the most out of MobyMax! A Moby trainer will guide you through the subject modules, features, and tools available to you with your new district license. Learn how to navigate the program, customize your settings, assign lessons, use rewards to motivate your students, and more! The session is hands-on, so bring a device and be prepared for prizes and fun! | 10:00 AM | 11:50 AM |
| Jim Hudson | All Grades | All Grades: Illuminate Online Testing and You | Want to prepare your students for CAASPP and computer-based testing? Come learn the ins and outs of setting up Illuminate assessments for online administration. | 10:00 AM | 11:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|----------------------------------|---|--|---|---------------------|-------------------|
| Kilian Graciano, Lisa Coburn | Speech Therapists, Program Specialists, & SPED Teachers | Speech Therapists, Program Specialists, & SPED Teachers: Ready, SETT, Go | This class is for special education staff who are interested in learning more about Augmentative Alternative Communication (AAC) and using a tool that helps determine which AAC device would best match the student's individual communication needs at school and home. The SETT Framework is a tool that helps teams gather and organize information that can be used to guide collaborative decisions about services that support the students educational success. The SETT Framework helps the assessment team determine the known and unknown information about the student's learning environment and the tasks that need to be done throughout the school day. The SETT helps the team determine the device that best fits the needs of the student and who will be responsible for the each task. | 10:00 AM | 11:50 AM |
| Leandra Bowen | Grades 3-5 | Grades 3-5: ELA Centers in the Intermediate Classroom | In this session, you will learn how to create centers to get the most out of your teaching. Bring your current unit ELA Teacher Edition. | 10:00 AM | 11:50 AM |
| Lesley Fontanilla, Jenny Garwood | Grades TK-6 | Grades TK-6: Wise Ways to Welcome New Words! | Creative and clever ways to put high interest words at your student's fingertips. Easy to use organizational systems designed to save valuable classroom time. Target audience: K-4 teachers. | 10:00 AM | 11:50 AM |
| Lisa Scheib | All Grades | All Grades: MobyMax Professional Development | Get the most out of MobyMax! A Moby trainer will guide you through the subject modules, features, and tools available to you with your new district license. Learn how to navigate the program, customize your settings, assign lessons, use rewards to motivate your students, and more! The session is hands-on, so bring a device and be prepared for prizes and fun! | 10:00 AM | 11:50 AM |
| Michael Patterson | Grades 9-12 | Grades 9-12: Advanced Structural Welding Techniques(Will be held at Be.Tech) | A hands-on hybrid session discussing and practicing advanced structural welding techniques. This will help you prepare your students for a successful entrance into the local job market. | 10:00 AM | 11:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
|---------------------------------|----------------|--|--|---------------------|-------------------|
| Sally Glusing | Grades TK-6 | Grades TK-6: Project Based Learning 101 | This session is designed for elementary teachers to gain an overview of Project Based Learning (PBL), including how PBL actively engages students in rigorous content standards and real-world learning. | 10:00 AM | 11:50 AM |
| Scott Myers | All Grades | All Grades: STEAM Workshop: Easy Prop Replicas | Learn to make historical and fantastical prop replicas in this hands-on STEAM Workshop. Using simple materials and tools, we will create replica historical artifacts, demonstrating techniques for assembly, painting, and weathering. | 10:00 AM | 11:50 AM |
| Shea Miller | All Grades | All Grades: Advanced Assessment Creation (Illuminate) | Have you already created assessments for your students? Come learn how to configure them for administration in Illuminate! | 10:00 AM | 11:50 AM |
| Shirley Kruenegel, Cathy Dorman | Grades 5-6 | Grades 5-6: Successful Literacy: Learn it Today, Use it Tomorrow | Techniques to streamline your weekly planning with Wonders, rolling many objectives into one interactive whole group lesson while teaching in context rather than isolation. Learn a fun game to boost student writing skills! Target audience: gr. 5-6 teachers | 10:00 AM | 11:50 AM |
| Steve Shaw, Erik Alves | Grades 7-12 | Grades 7-12: Volleyball... teaching a unit and playing | We will cover some basics to use in your class / practices, and then use these skills in a game. | 10:00 AM | 11:50 AM |
| Suzan Turner, Jody Burriss | Administrators | Administrators: Understanding the 504 Process in MUSD | In this session you will learn about Section 504 laws and requirements, and become familiar in how to utilize the MUSD Section 504 Handbook. | 10:00 AM | 11:50 AM |
| Tonya DeSpain, Cynthia Preston | Grades 3-5 | Grades 3-5: Successful Literacy: Learn it Today, Use it Tomorrow | Techniques to streamline your weekly planning with Wonders, rolling many objectives into one interactive whole group lesson while teaching in context rather than isolation. Learn a fun game to boost student writing skills! Target audience: Gr. 3-4 teachers | 10:00 AM | 11:50 AM |
| Anthony Dahl | All Grades | Collaboration: Breathing Techniques for Music Teachers | Breathing Gym and Meditation: Two techniques to promote proper breathing and focus in young musicians (and their teachers!). This session would be primarily for music teachers. | 11:00 AM | 11:50 AM |
| Chris Courtney, Angela Garcia | All Grades | All Grades: Using Edpuzzle to make videos interactive. | In this session you will learn how to use Edpuzzle. By adding multiple choice or free response questions, or by adding voice explanations to your flipped video lessons, (or videos that you assign from YouTube or Khan Academy), you can make them interactive. Grading them is also a snap. Not currently approved district software. | 11:00 AM | 11:50 AM |

| Instructors | Grade Level | Training Name | Description | Training Start Time | Training End Time |
